HOWARD GOULD MUST PAY. ANOTHER JOLT FOR C. U.

Verdict of \$25,392 94 for Architect THOSE EYES AT TAMMANY. Who Planned Castle.

By returning a verdict for \$25,392 94 for the plaintiff in the suit of Abner J. Haydel, an architect, against Howard Gould, for fees for the preparation of plans for the proposed Castle Gould, the jury in the Mineola Courthouse yesterday proclaimed its belief that Mr. Haydel was treated with indignity by Mrs. Gould, the defendant's wife. Justice Keogh specifically charged that unless the jury found this to be true he could not recover more than 1 per cent on the estimated cost claimed.

It is believed that the defendant anticipated being defeated in some amount by the verdict, for neither he nor Mrs. Gould was in court yesterday morning when Justice Keogh ordered the sealed verdict to be opened. Mr. Haydel was on hand half an hour before the court convened. Scarcely any one, however, had expected so large a verdict. The verdict nd 1 per cent on the estimated cost of \$967,350, and 14 per cent on the estimated cost of \$967,350, or \$4,3875, and, in addition, damages to the extent of \$,000, making a total of \$29,180 75. From this sum \$,000. manufect \$5,000, paid on account by the defendant. Justice Keogh allowed costs and an extra allowance of 5 per cent on the sum recoverable under the verdict, or \$24,183.75. The extra allowance amounts to \$1,209.19, making the total judgment

smounts to \$1,200.13, making the total judgment \$5,32.94.

Mr. Monfort, counsel for Mr. Gould, asked immediately for a new trial and for a stay of thirty days and sixty days in which to prepare a case in the event of his olient appealing from the judgment. The motion for a new trial was denied. The application for a stay was granted. Within thirty days the defendant must give a bond for the full amount of the judgment if he means to appeal, and within the sixty days asked for he must make his case. "I could have looked for no more complete vindication," said Mr. Haydel after the verdict had heen announced. "Of course, I had no idea of receiving the full amount claimed. No one ever expects a jury to grant full damages in such a case. Had the verdict been against me there would have been an end of the matter, for I should not have been an end of the matter, for I should not have been in case they appeal, however."

Mr. Gould expects to proceed with plans for a castle, but he has made no definite arrangements regarding drawings from any particular architect is yet.

POINT FOR GOULDS AT RICHMOND. Richmond, Va., June 15.-The Supreme Court of of Virginia to-day reversed the decision of Judge Mullen, of the State Circuit Court, at Petersburg, which appointed a receiver for the Gould ric railway and lighting property on the apelectric railway and lighting property on the ap-plication of George E. Fisher. Fisher has been fighting for the control of these properties, and began his action with charges of mismanagement and frandulent transactions on the part of the Goulds. The decision to-day leaves the properties in the hands of the receivers appointed by the United States Court on the counter petition of the Coulds.

ATTACKS ON W. C. GREENE.

He Says Rumors About His Companies Will Be Sifted.

Colonel William C. Greene, while in Chicago yesterday, on his way to Mexico, made the following statement in reference to the attacks on the Greene Consoldated Gold Company in the curb market: 'I have called a meeting of the Greene Consolidated Copper Company, the Greene Consolidated Gold Company and the Greene Goldvestigation of all rumors affecting the integrity of any of the companies I am connected with and which are fabricated for purely manipulative pur-

George S. Robbins, secretary of the Greene Co. solidated Copper Company, and associated with Colonel Greene in his enterprises, has this con

ment to make on the recent bear movement:

The attacks on Colonel Greene and the Greene Consolidated Gold Company are a sort of repetition of the early history of the Greene Copper Company. For the first two years the company lived on the so-called "Bill Greene Lies." For two years I was busy about half the time telling the investors in the companies' shares the truth about our enterprise, and for the last two years I have a 'b busy a large share of the time signing divisional conditions of the consolidates for investors who had confidence in Colonel Greene and his associates. The Greene Consolidated company has paid its stockholders \$2.512.00 in dividends in the last five years, or a sum equal to about one-third of the capital stock, with a production of 185.00.000 pounds of copper since 1962, from a mine where it was said by certain experts there was no copper.

Merchants' Trust Directors Sell Hudson Valley Holdings.

At the close of a three hours' conference of directors and former directors of the Merchants Trust Company yesterday a statement was made officially by W. B. Ellison, counsel of the company, which indicates that the affairs of the failed inst!tution are in a fair way of being satisfactorily adjusted. Mr. Ellison said:

At the meeting of the directors a proposition to purchase the Hudson Valley Railway securities was accepted, at a price which, added to the cash on hand and readily convertible securities, such as New-York City bonds, will enable the receivers to almost immediately pay off the depositors in full. There will be left the Vermont securities and other collateral, which, the directors think, with a little care, will produce quite sufficient to more than pay off the capital stock at par, if not at a faure substantially equivalent to that which the stockholders paid for their stock. Of course, the whole matter has to be submitted to the court for its order, and that will be done without delay. Mr. Ellison said he could not divulge anything further in regard to the amount of the offer ac cepted or who made it.

CURB BROKERS TO MEET MR. M'ADOO. The curb brokers yesterday appointed a commit-tee to confer with Police Commissioner McAdoo in regard to the complaint by the Standard Trust Company, of the Broad Exchange building, that the curb market is a public nulsance. The commilities, which consists of E. S. Mendels, the "dean of the curb"; George Schroeder, L. E. Elder and R. H. Sadlier, will present its side of the contro-tersy to the Commissioner at a conference to-day at Headquarters.

Republican County Committee Delays Answering Invitation.

The Republican County Committee, at its meeting last night, in the United Charities Building, almost put itself on record as favoring municipal ownership of public utilities. It avoided answering the invitation of the Citizens Union to join with it in the coming campaign on a declaration of nonpartisanship in municipal affairs. It passed the usual June resolutions concerning primary elec-tions and also resolutions praising the late Captain

F. Norton Goddard. When the invitation from the Citizens Union was brought up, Delegate Ten Eyck presented for con-sideration the resolutions adopted by the Republican County Executive Committee at a meeting in the afternoon at the Fifth Avenue Hotel.

These resolutions, after reciting that the Citizens
Union had addressed a communication to Tammany

Hall similar to that sent to the county committee, stated its belief that any alliance or relationship with Tammany Hall must be subversive of the principle of non-partisanship in the administration of the affairs of the city and that the procedure of the Citizens Union in preparing for the campaign this fall was different from that followed during preceding campaigns in that it had not invited a conference of all political parties and bodies opconference of all political parties and solution posed to Tammany Hall, asked the Citizens Union if it had sent a communication to Tammany Hall, and, if so, whether with a view to indorse any nominee nominated by Tammany Hall.

The resolutions were adopted by the County Committee, and President Halpin was authorised to call a special meeting on receipt of the reply from the Citizens Union if he considered such action necessary. Then Delegate Allen of the 9th District, after bitter remarks on the failure of the Republican legislature to pass the cheap gas bill, asked for the adoption of a resolution indorsing municipal ownership of gas, electric light, telephone, and transportation utilities, and asking that the city take under the right of eminent domain the various properties of the gas, electric light, telephone, and street and elevated railway companies, or such portions of such properties as might be susceptible of being taken by condemnation proceedings. The resolution also pledged the committee, individually and collectively, to induce the next Republican City Convention to adopt a platform for municipal ownership and to nominate candidates pledged to municipal ownership. posed to Tammany Hall, asked the Citizens Union

BIG LABOR SCANDAL

Chicago Officials Promise Sensation -Well Known Men Subpænaed.

Chicago, June 15.-The greatest labor scandal Chicago has ever known, according to State's Attorney Healy, is to follow the disclosures made to-day before a grand jury by John C. Driscoll. State's Attorney Healy said:

More serious offences have been committed than bribery and conspiracy, and the evidence presented to the jury has been of an extremely startling character. It is important, and will lead to serprising results. The names mentioned by the witnesses are those of prominent men on both sides. If I thought there would be no results from this investigation I would call a halt immediately. I believe the present line of inquiry will occupy the attention of the jury for the rest of the week and a portion of next week, but if necessary all the docket cases will be sidetracked because of the great importance I attach to the results of the present inquiry.

To-morrow will witness the gathering before More serious offences have been committed

To-morrow will witness the gathering befor the grand jury of a score of prominent business men, together with leading members of the bar. It is impossible to-night to learn the names of those for whom subpænas have been issued.

SUIT OVER BAD BONDS.

East Side Bankers Accused of Dealing in Forged Paper.

East Side bankers and not a few brokers, on and East Side bankers and not a few brokers, of and off the "Street," have just had their eyes opened to the fact that Parisian bonds, especially those carried by "pauper solicitors," are not always what they seem to be. According to their own confestively seem to be. According to their own confestively seem to be. According to their own confestively seem to be according to the confestive sion, the firm of Michael Susskind & Co., East Side bankers of some standing, have just been mulcted to the tune of \$1,800 by trading in Parisian bonds, besides having a suit entered against them by Zimmermann & Forshay, brokers, who bought the bonds

Zimmermann & Forshay, the constraint of the bonds.

The bonds were forged by a Parisian novelty firm, and in some manner fell into the hands of a man whom the East Side bankers describe as a pauper, who got them in Paris and soid them to susskind & Co. When Zimmermann & Forshay found the bonds were not good there was trouble in the firm. Then the trouble passed over to the East Side banking concern, which took it non-chalantly, so Zimmermann & Forshay's counsel said. The bonds were shown to have been forged, but that didn't move the East Side firm a bit. Then Zimmermann & Forshay instructed Daniel E. Blumenthal to enter suit.

Rockaway's Volunteer Department Holds Last Field Day and Parade.

The Rockaway Beach Volunteer Fire Department held its annual review and tournament yesterday. Chief Croker and Deputy Chief Lally were guests of honor. Yesterday's review had unusual significance for the residents of Bockaway, as it practically marked the end of the volunteer department, which has served the place faithfully for many years. The paid department of the city will take charge of that district in July.

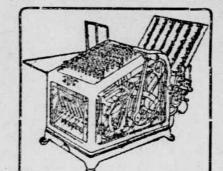

There was a parade in the forenoon and a dinner at Schilling's roadhouse. Chief Croker complimented the department on its splendid work. Following the dinner there was the usual tournament for prizes. In the evening there was a dinner, at which Chief Croker spoke and the prizes were awarded. terday. RAILWAY CO. INCREASES CAPITAL

The Mexican Central's Raised to \$100,000, 000 from \$48,875,000.

Boston, June 15.-The Mexican Central Railway ompany, which is a Massachusetts corporation o-day filed with the Secretary of State a certificate of an increase in its capital from \$48,875,000 to \$100,000,000. Of the new capital \$21,125,000 will be used, it is said, in acquiring additional property from time to time, as the directors may see fit. The sum of \$5,000,000 will be expended in the purchas-of the Mexican Pacific Rallway, and \$25,000,000 will be used to liquidate income bonds.

It is understood in Wall Street that there is no present intention to exchange the Mexican Cenfound necessary to increase the capitalization to provide for certain operations, it was deemed desirable to make the increase large enough to cover the requirements of conversion of the bonds.

the republic of Mexico. The increase in capital to \$100,000,000 brings the total capital to practically this fixed amount, as the road has now over 3,154 miles of railway, and its present mileage allows capital stock to the amount not to exceed \$101,928,000 par value.

CALLS MONTAUK TAX ESTIMATE LOW.

Controller Blames Assessors for Discrepancy in Two Valuations of Theatre.

The Montauk Theatre purchase by the Board of Estimate and Apportionment under the lead of the Controller is still making trouble. President O'Donnell of the Department of Taxes asked Commission er Bouck, of Brooklyn, and his deputy, Mr. Larkin, vesterday for a written report on the assessed yesterday for a waltern plot, with an explanation of the difference between the assessed valuation of \$300,000 and the market price, about \$700,000, as fixed by the Board of Estimate.

The Controller, after receiving a report on the value of the plot, offered a resolution authorizing the payment of \$500,000 for two-thirds of the parcel. The plot is needed for the approach to the Manhattan Bridge. This two-thirds cut the lot diagonally. leaving gore lots fronting both in Fulton and on the new avenue to be cut through. It is estimated that these two gore lots, which are of goo's size, are worth about \$200,000. The Controller's answer to the question about the discrepancy in estimates is that the tax officials have not assessed the plot at the proper amount, and that the sum agreed or by the Board of Estimate and the owners is what any purchaser would have to pay for it in the open

igh President Littleton of Brooklyn is going Borough President Interest at the meeting the bring the question up to-day at the meeting the Board of Estimate on a motion to recons the action of a week ago.
